

FIND THE PERFECT MATCH

FOR ROUND TABLES...

Ideal for small and square rooms, round tables (above) create an intimate setting and encourage conversation. Their curvaceous shape is best suited to rounded chairs that have a streamlined, organic look, such as the classic wishbone chair or an upholstered armchair. For big parties, choose a pedestal table for extra legroom.

Porto 'Tanduk' chair, \$329, Oz Design Furniture.

'Duomo' swivel dining chair, from \$499, Domayne.

'Ari' chair in Cream, \$199, Life Interiors.

'Freya' armchair in Dusty Mauve, \$520, Globe West.

'DC09' chair in Oak, \$3500, Great Dane Furniture.

FOR OVAL TABLES...

Long, lean and svelte, oval tables (above) visually take up less space because of their rounded corners. This table style suits narrow chairs with a slightly curved or bowed back, such as the willowy Windsor chair or the elegant lines of the classic bentwood style. Make an oval table feel more modern by going for an industrial or geometric style with sharp edges to create contrast.
